

HOW WE SAY HI

By helping kids learn that they have a say in how they're greeted (no obligatory hugs or anything that makes them or their body feel uncomfortable). This can help teach early lessons about consent. So how do we teach kids that they have a say in what happens to their bodies and how to recognize this in others? Give them the chance to have a say! **Use this activity to help figure out how two people like to say 'hi' best!**

Circle your favorite ways to show someone you're glad to see them:
